v.

Case Number: 14-1005

United States Postal Service (USPS)  
*Respondent*

**Motion for leave to counter-respond and supplement the record**

Per this Court's local rule 27(d), I request leave of the court to respond to USPS' reply to my opposition to their motion for dismissal, as it is short, filed promptly after the reply, directly answers only matters raised in the reply, and would be in the best interests of justice to accept.

I further request leave of the court to supplement the record and thereby cure USPS' failure to obey FRAP 17.

Respectfully submitted,
